Sustained success in today's marketplace requires continuous attention to the way you do business. Companies can achieve breakthrough results with LEAN Six Sigma.

LEAN Six Sigma methods *improve processes, reduce costs, and deliver bottom-line results.*

#### **Train Locally!**

Selsius™ Corporate and Career Training of Southwestern Illinois College offers LEAN Six Sigma Green Belt training at its Belleville Campus.

Facilitated by a GE Master Black Belt, this training will focus on problem-solving tools and techniques. Each Green Belt will complete a real-time, on-the-job project and receive coaching outside of class to ensure project completion.

The seminar fee is \$3,400 per person and training includes:

- **Kick-Off:** July 27, Green Belt student & Champion (manager) attend one-day overview
- **Training:** August 24-26, September 21-23, and October 19-21
- **Coaching:** 4 hours of one-on-one coaching from the Master Black Belt outside of class

Participants will be required to bring their own laptops with Minitab software loaded for class work and project work between classes. Selsius™ can help you acquire the software at a discounted price of \$400. (Laptop and software not included in fee.)

Illinois based manufacturers may be eligible for up to \$1,700 in grant funds for the seminar fee.
